

## Agenda for the Asada Mesh - Advanced Screen-Printing Workshop 2021

- 7:45-8:30 Bus arrivals - Registration – Refreshments
- 8.30-9:00 Welcome remarks from:
- Ms. Susana Otero (Leader of Functional Printing & Coatings Dept. AIMPLAS)
  - Ms. Susana Barasoain (Cluster Manager of Functional Print Cluster)
  - Mr. Hideaki Asada (President of Asada Mesh)
- 9:00-9:30 Speaker 1: Dr. Nikola Perinka – BC Materials – Spain
- “High definition screen-printed interdigitated structures for sensors and thin film transistors”***
- 9:30-10:00 Speaker 2: Prof. Gunter Hübner – HdM Stuttgart University - Germany
- “Manufacturing of Printed Batteries - Screen Printing of Thick Layers”***
- 10:00-10:30 Speaker 3: Mr. Sebastian Tepner & Ms. Linda Ney – Fraunhofer ISE - Germany
- “Pushing the Boundaries of Screen Printing - From Modeling to new Applications”***
- 10:30-11:30 Coffee Break + Exhibitor Area
- 11:30-12:00 Speaker 4: Mr. Andreas Künkele & Mr. Simon Wagner – Kissel +Wolf – Germany
- “Update about Fine Line Stencil Screen Making in Printed Electronics”***
- 12:00-12:30 Speaker 5: Mr. Sergio Rico & Mr. Ricardo Martínez – EKRA GmbH – Germany
- “ From Lab scale to High Volume printing – Flexible machine solutions for flexible substrates”***
- 12:30-13:00 Speaker 6: Mr. Aaron Cabrera – Mateprincs S.L. – Spain
- “Improved inks for fine line printing”***
- 13:00-14:00 Networking LUNCHEON in the event venue
- 14:00-14:15 Wrap-up of the technical conference by an ASADA MESH representative
- 14:15-15:45 Guided visit to the facilities of AIMPLAS and live Screen Printing Demo at the Functional Printing Lab
- 16:00 Bus returns to the designated hotels in two areas of Valencia
- Free Time
- 19:30-20:00 Bus pick-up on the route from Paterna to Valencia City Center
- 20:00-22:00 Open Networking Dinner in a selected restaurant in Valencia City Center (\*)
